Airoli, Navi Mumbai, Pin:- 400708

EXPERIENCE (2 YEARS)

Research Application Analyst, Credit Layonnis Securities Asia (CLSA)

July 2018 – Present

Pune

- **Corporate Communication Symphony Chat bot**
 - + Developed key features for inter communication pipeline using Symphony REST API and Maven Java as backend
 - + Target Audience:- all CLSA employees(2000) Benefits:- Simple way to share news with all employees, Received appreciation in form of performance bonus
- **Event Management application (Caltrain)**
 - + Technology used:- MEAN stack, worked on CRUD operation for both user and admin
 - + Enable single interface which includes feedback analysis, reminder mails as well as headcount(Register vs Waitlist) for event.
 - + Received Star Award for working on this project
- **Logs Monitoring Dashboard**
 - + Used Kibana dashboard to monitor nginx logs as well as gave insight about users and performance
 - + Impact:- reduce the time taken to resolve the issue's by approx 20 min
- **Full Stack Performance Testing Tool(FLASH)**
 - + Front End:- Angular, Back End:- Spring Boot
 - + Coded:- Multithreading to pump messages on Solace from database, controllers for REST API end points, email notification (Back End). For Front End:- coded scheduling panel, monitoring panel and history panel (Angular)
 - + it helps to reduce 1 manpower work who used to do it manually.

Full Stack Intern, Ignito

Aug 2016 – Jan 2017

Pune, India

Trainee, IIT BHU

May 2016 – Jun 2016

Varanasi, India

- Used Lamp technology to build Library Management System under mentorship of System Programmer of IIT BHU (Chandan Rai)

PERSONAL PROJECTS

- **To do application (React + Django)**
 - + Motivation:- To understand new Framework I tried to create todo application)
 - + Features:- CRUD todo list and bucket feature where user can customize it accordingly

EDUCATION

BE Computer Science

Pune University

Aug2014–May2018 Pune,IN

- First Class with Distinction (Result:-77.4) (Top 5 in College)

CBSE 12th and 10th

May2012 – Jun2014 Airoli, MH

- Computer Science Major in 12th, Result:- 90.4
- 10th Result:- 93.6

SKILLS

Core Java

C++

Data Structure and Algorithms

Python

HTML & CSS

Scripting (VB/Bash/Python)

HANDS ON

Spring Boot

Angular

Django

Keycloak

ELK stack

Junit

Mongodb

AWS

Google Cloud

REST API

Bootstrap

JIRA

SQL

Mongodb

Wordpress

Git & Docker

React

PROFILE LINK

Scaler

Portfolio
